4b EPSDT (cont.) Infant Development Program Services (IDP)	<p>The Infant Development Program (IDP) services offer a variety of medically necessary services identified in an Individualized Family Service Plan (IFSP). The Department of Developmental Services contracts with Regional Centers (RC) statewide to provide and coordinate services for infants with, and at risk for, developmental disabilities. Individuals are not limited to RC providers, and may receive state plan services through their health plan or fee for service providers.</p> <p>IDP services will not be provided to an infant at the same time as another service that is the same in nature and scope.</p>	<p>IFSP Assessments: Infants and toddlers eligible for IDP services will have an IFSP developed by a RC multidisciplinary team, which includes a physician or licensed practitioner who authorizes specific medically necessary services, including frequency and duration, within the scope of their practice under state law. IFSPs are reviewed and updated at least every six months.</p> <p>Provider Qualifications: Providers must meet all applicable license, credential, registration, certificate, permit, or academic degree requirements to provide the service under state law. Unlicensed providers may also provide services under the direct supervision of a licensed member of the IFSP multidisciplinary team, as defined in this section, pursuant to their scope of practice under state law. Unlicensed providers may have a bachelor's degree in education, psychology, child development or related field; or an AA degree in child development or related field.</p>

TYPES OF SERVICE	PROGRAM COVERAGE**	AUTHORIZATION AND OTHER REQUIREMENTS*
5a Physician's Services (continued)	Outpatient heroin or other opioid detoxification services are administered or prescribed by a physician, or medical professional under the supervision of a physician.	Outpatient heroin or other opioid detoxification services require prior authorization and are limited to 21 consecutive calendar days of treatment, regardless if treatment is received each day. When medically necessary, additional 21-day treatments are covered after 28 days have elapsed from the completion of a preceding course of treatment. During the 28 day lapse, beneficiaries can receive maintenance treatment. Services are covered for beneficiaries under the age of 21 years when medically necessary. The narcotic drug methadone can only be rendered in state licensed Narcotic Treatment Programs, as required by federal and state law. Other narcotic and non-narcotic drugs permitted by federal law may be used for outpatient heroin or other opioid detoxification services at any outpatient clinic or physician office setting where the medical staff has appropriate state and federal certifications for treatment of opioid dependence outside of Narcotic Treatment Programs. Additional charges may be billed for services medically necessary to diagnose and treat disease(s) which the physician believes are concurrent with, but not part of, outpatient heroin or other opioid detoxification services. Services are covered to the extent that they are permitted by federal law.

*Prior Authorization is not required for emergency services.

TYPE OF SERVICE	PROGRAM COVERAGE**	PRIOR AUTHORIZATION OR OTHER REQUIREMENTS*
15 Nursing facility level A	Covered when patient is under the care of a physician who because of mental or physical conditions or both (above the level of board and care) requires out-of-home protective and supportive care living arrangements with 24-hour supervision and skilled nursing care on an ongoing intermittent basis. The patient must be visited by a physician at least every 60 days.	Prior authorization is required. The patient physician must recertify patient's need for continued care every 60 days.
15a ICF services for the developmentally disabled (ICF-DD), ICF-DD Habilitative (ICF DD-H), or ICF-DD Nursing (ICF DD-N)	Covered only for developmentally disabled persons who require 24-hour care in a protected setting and who require and will benefit from the services provided. The developmentally disabled nursing services are for those who are more medically fragile.	Prior authorization is required. The patient physician must recertify patient's need for continued care on the same schedule as required for ICFs.
16 Inpatient psychiatric facility services for individuals under 22 years of age	Inpatient psychiatric services in an institution for mental diseases are covered under this state plan for persons under age 21 or in certain circumstances up to the 22 years of age when the inpatient treatment is initiated prior to reaching 21 years of age. See "1 Inpatient Hospital Services."	Prior authorization is required for all non-emergency hospitalizations. Emergency admissions are exempt from prior authorization, but the continuation of the hospital stay beyond the admission is subject to prior authorization. Emergency admission requires a statement from a physician or practitioner performing within his or her scope of licensure to support the emergency admission. See "1 Inpatient Hospital Services."

*Prior authorization is not required for emergency service

**Coverage is limited to medically necessary services

IEP/IFSP Assessments

- Health and mental health evaluation and education (EPSDT also covered in Subsection 4b and 13d) includes psychosocial and developmental assessments to determine a student's eligibility for services under the Individuals with Disabilities Education Act (IDEA) or to obtain information on the student to identify and modify the health related services in the IEP/IFSP. These assessments, referred to as IEP/IFSP assessments, include psychological, speech language, occupational therapy, physical therapy, audiological and health evaluations.

Provider Qualifications

Services must be performed by providers who meet the applicable qualification requirements as defined in 42 C.F.R. Part 440 who render services, within their scope of practice, as established in state law. Rendering providers of LEA services are licensed physicians/psychiatrists, licensed physician's assistants, licensed optometrists, licensed registered nurses, licensed credentialed school nurses, certified public health nurses, certified nurse practitioners, licensed vocational nurses, trained health care aides, registered school audiometrists, licensed clinical social workers, licensed psychologists, licensed educational psychologists, licensed marriage and family therapists (formerly licensed marriage, family and child counselors), credentialed school psychologists, credentialed school social workers, credentialed pupil service workers, licensed speech pathologists, licensed audiologists, credentialed speech-language pathologists (formerly credentialed language, speech and hearing specialists), credentialed audiologists (formerly credentialed language, speech and hearing specialists), licensed physical therapists, registered occupational therapists, and registered dietitians. The State's Attorney General, in opinion #06-1011, dated November 30, 2006, concluded that the State's qualifications for the professional clear credential and the preliminary credential for speech-language pathologists were equivalent to the federal speech-pathologists qualifications in 42 CFR 440.110.

In addition, the following limitations apply:

- Credentialed school psychologists may provide psychosocial assessments, health education and anticipatory guidance, and psychological treatment services recommended by a physician or other licensed practitioner of the healing arts only to the extent authorized under Business and Professions Code Section 2909 and Education Code Sections 49422 and 49424 to Medicaid eligible students.

*Prior Authorization is not required for emergency service.

**Coverage is limited to medically necessary services.

TYPE OF SERVICES	PROGRAM COVERAGE**	PRIOR AUTHORIZATION OR OTHER REQUIREMENTS*
26. Personal Care Services	<p>Personal care services authorized by the county worker are based on an assessment of the recipient. Qualified providers shall perform services in the recipient's home or at place of employment. Services may include one or more activities, such as assisting with the administration of medications, providing needed assistance, or supervision of basic personal hygiene, eating, grooming and toileting. Other incidental services may also be provided as long as they are subordinate to personal care services.</p>	<p>Personal care services shall be available to all categorically needy eligibles covered under the state plan and in accordance with state law. Services will be provided to the recipients who have an illness that has been diagnosed to be chronic and/or permanent (lasting at least one year) and who are unable to remain safely at home or are unable to obtain, retain or return to work without this assistance. Personal care service hours shall be capped at a maximum of 283 hours per month. Service hours for recipients shall be based on medical necessity as determined by the Statewide Uniform Assessment. Services in support of work are only available to the extent that service hours utilized at work are included in the total personal care service hours authorized for the recipient based on the recipient's need for services in the home. Authorized personal care services utilized by a recipient for work shall be services that are relevant and necessary in supporting and maintaining employment and shall not supplant any reasonable accommodation required of an employer under the Americans with Disabilities Act or other legal entitlements or third-party obligations. Services shall not be available to residents of a facility licensed by the California Department of Public Health nor to residents of a community care facility or a residential care facility licensed by the Department of Social Services Community Care Licensing Division.</p>
